## DETAILED ACTION

### *Allowable Subject Matter*

1. Claims 7-9, 16-28 are allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance:

The closest prior art of record is U.S. Pat No. 5,383,129 to Farrell and U.S. Pub No. 2005/0007621 to Barry et al.

Farrell teaches a computerized printing system that under the control of the instructions of a program stored in memory determines the cost of the materials required for a print job from the specifications of the print job.

Barry et al teaches estimating the amount of ink/toner that is required for a print job may be estimated based on the toner density of the image before the print job is started.

Suen et al claims a method of estimating ink coverage for a print job for purpose of calculating the cost for said print job. The applicant disclose method of summing a color value for each color for each pixel of the print job, then multiply the total color value by the size of a pixel to arrive at a coverage value for the color. Then the coverage value is multiplied with a cost multiplier for the color, thus attaining the cost for the color for the print job.

As per claims 8, 9, 21, and 22, the closest prior art of record taken either individually or in combination with each other fails to teach or suggest estimating the amount of ink usage by summing a color value and the multiply the color value by the

size of a pixel. Claim 23 depends upon claim 8 and has all the limitations of claim 8 and is allowable for the same reason. Claim 7 depends upon claim 9 and has all the limitations of claim 9 and is allowable for the same reason. Claims 24-28 depend upon claim 21 and have all the limitations of claim 21 and are allowable for the same reason. Claims 16-20 depend upon claim 22 and have all the limitations of claim 22 and are allowable for the same reason.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
